Subject: Compactor
Date: Friday, July 24, 2015 3:39:48 PM

Hi Kent and Rena,

Great seeing you all today.

I wanted to circle back on the compactor conversation. I am looping in Randy, as well. It looks like our trash hauler's site would likely be able to accommodate compactor(s). I am sure we would have to work on negotiations on pricing based on space, resources required, etc. What I have found to be helpful is talking to their Vice President, Haik, about the ins and outs of compacting. I can easily set up an in-person meeting, so whoever on your team might want to know more and ask questions would have the opportunity to do that, with the expert in the room. He has compactors in the area, too, that we would be able to see. Let me know your thoughts on this and who might be interested, and we can get something calendared if you think it would be helpful.

Best,

Molly Larson
